SO BUILD, THAT HOME NOW

That the build-a-home-in-Tuisa-now campaign to be launched here in the near future under the auspices of the chamber of commerce is one of the greatest progressive stops in the history of Tulea is the opinion of George Winkler, prominent local

Mr. Winkler does not believe that any advantage will be gained by the property owner through waiting for material and labor costs to decrease. "Right now is the time to build a home," said the architect, "for prices are not scheduled for a decrease in the next several years and I believe some materials will raise in price. I certain fumber prices will be ested soon. And 90 per cent of e cost of erecting a home is actu-y classified under labor so there are the prospects for a decrease in prices—no one cares to see a reduction in wages. And those are the reasons I feel a building campaign in Tulsa should be pushed to the utmost right now."

KIWANIS DELEGATES TO SPREAD TULSA'S FAME
